INSULMAX®

Certificate of Completion

Insulmax® Existing Wall Insulation has been installed in the named property by a trained and licensed Insulmax® installer, according to the requirements of Insulmax® N.Z Ltd. and all conditions of **CodeMark Certificate CM70028** have been met.

Property Address

616 Te Ngae Road
Ōwhata Rotorua 3010
New Zealand

Building Consent / Exemption No.

#Exempt

Install Date

02 August 2021

Producer Statement Declaration

The installation has been completed in accordance with the named building consent / exemption number (if applicable) and all conditions of that application have been met, including the completion of all "Work Required" identified in the applicable Insulmax® Existing Building Assessment.

Insulation Rating

Total as built wall R values are dependent upon construction and cladding variables and at typical installed densities Insulmax® insulation contributes to the existing structure an insulation rating of R2.5 - 2.8 per 100mm of cavity depth.

Guarantee

When installed according to the requirements of Insulmax® N.Z Ltd, the Insulmax® insulation and filling of installation holes carries a 50 year guarantee and exterior paint carries a 8 year guarantee from the certificate date (conditions apply).

Conditions

The guarantee as well as continued compliance of the existing building in respect of the Building Act 2004: S112 i.e continued performance of the existing building in relation to CodeMark Certificate CM70028 - Insulmax® Retrofit Wall Insulation Method, are conditional upon the property being maintained, at the owners care, to reasonable and accepted levels.
