**Disclaimer:** This opinion of market rents has been prepared solely from a written description of the property together with Department of Building and Housing statistics on bonds collected. This sight unseen rental appraisal is only to be used as a guide. We stress that it is an opinion and not to be taken as a valuation. The actual rental that the property attracts is subject to many variables over which we have no control and may differ from the figure stated here. Historically we observe that the rental market can shift very fast, one week there is a strong demand in a certain location, price bracket or style, the next week or month the emphasis has changed. This is the rental marketplace for which we make no predictions or promises and take no responsibility.
