## Land Information Memorandum (LIM)

Please refer to the attached LIM for 244 Rintoul Street, Berhampore, as requested by you.

**On 14 March 2024 and 12 June 2025, Wellington City Council made decisions on parts of the Proposed District Plan. These have been incorporated into the 2024 Wellington City District Plan (2024 District Plan) from 7 July 2025.**

**Until appeals are resolved on the 2024 District Plan, both it and the 2000 District Plan may need to be consulted to determine the classification of any existing or proposed activity on the subject property.**

**Please refer to District Plan section of the LIM for more information.**

Yours sincerely

**Brian Boyce**

# Land Information Memorandum

<b>Address</b>	244 Rintoul Street, Berhampore
<b>Legal Description</b>	Part Lots 1, 2 & 3 DP 757
<b>Record of Title</b>	WN130/171

This LIM contains information Wellington City Council is required to provide in accordance with s 44A of the Local Government Official Information and Meetings Act 1987, alongside information the Council deems relevant for the property. It contains information the Council holds on record. Although every effort has been taken to provide accurate information within the LIM, a LIM is only able to report relevant information on the property if the Council has record of it.

No site visits or further investigation into the property have taken place in preparing this LIM. Records may not show any illegal or unconsented work to the land if the Council has not been notified. The property's current and any known prior legal descriptions and addresses have been used to compile the information.

Wellington City Council deems the information in the LIM accurate only to its date of issue. The Council does not accept liability for any errors in this LIM.

The LIM letter is intended to be read in conjunction with the attached documents. For any queries on the content of this LIM, please contact the relevant department. Contact details can be found on page 4 of the LIM.

# Natural Hazards

Please note, additional natural hazard information can be found in the maps in the LIM attachments.

Climate change is causing natural hazards to become more severe, occur more often, and affect a wider range of areas. For further information on the impacts of climate change on natural hazards, see [Natural Hazards Portal: Climate change](#).

Information provided by Greater Wellington Regional Council:

- [Wellington Regional Climate Change Impact Assessment](#)
- [Report \[Wellington Region Climate Change Projections and Impacts\]](#)
- [NIWA - Climate Change and Variability - Wellington Region](#)
- [Digital maps + Report and Summary Info](#)

## Earthquakes

Information in the 2024 District Plan:

- None.

Information Relating to the Building Act 2004:

- None.

Other information held by Wellington City Council:

- This property is located within a Low Liquefaction Potential Area. Refer to the attached Earthquake Hazard Map.

Information provided by Greater Wellington Regional Council:

- [Fault areas](#)
- [Combined seismic hazard](#)
- [Earthquake induced slope failure](#)
- [Groundshaking](#)

## Wind

Information in the 2024 District Plan:

- None.

Information relating to the Building Act 2004:

- None.

Other information held by Wellington City Council:

- The Wind Zone for this property is recorded as “Medium”. Refer to the attached Wind Map.
  - The Wind Zone in terms of NZS3604:2011 for this property was determined by the CLC Consulting Group Limited, Auckland.

## Coastal Hazards

Information in the 2024 District Plan:

- None.

Information relating to the Building Act 2004:

- None.

Other information held by Wellington City Council:

- Sites are classified as being in an exposure zone B, C or D depending on the severity of exposure to wind-driven sea salt or geothermal gases. These zones are defined in NZS3604:2011, the NZ Standard for light framed buildings.
- For Wellington City, most sites are either in exposure zone D, which includes the area within 500 metres of the sea, or exposure zone C in terms of NZS3604:2011.

Information provided by Greater Wellington Regional Council:

- [Coastal storm tide inundation modelling](#)

## Flooding

Information in the 2024 District Plan:

## Other Natural Hazards

**Including Fire, Drought, and Volcanic and Geothermal Hazards**

Information in the 2024 District Plan:

- None.

Information relating to the Building Act 2004:

- None.

Other information held by Wellington City Council:

- None.

Information provided by Greater Wellington Regional Council:

- [Rural wildfire risk](#)

## Drainage and Water

Refer to the attached drainage map and plan for details of private and public drainage.

Refer to the attached water services map.

There is a public stormwater mains located within this property.

This property has an individual domestic connection to the Council's water supply.

The Council holds no record regarding cross connections at this property.

Approval to build any structure over public drains or water mains is subject to conditions.

## Leaks and Faults

This section of the LIM includes any record the Council holds of reported leaks and/or faults on the property or its accessway.

Note, records of leaks and/or faults may be referenced within consent documentation.

The Council does not hold any record of leaks or faults being reported at this property.

## Hazardous Substances

No record of hazardous substances exists for this property

## Earthmoving

There is no record of any areas of 'Cut' or 'Fill' on this property.

## Footpath and Roding

Refer to the attached footpath and roading maps.

## District Plan

Please see the link for the District Plan information on this property. The 'property report' is available to download from the left side bar.

## **2024 District Plan Zone:**

The property is located in Medium Density Residential Zone.

This property is located in a Height Control Area: 14m.

## **Designations:**

This property is located within Designation WIAL1 - Wellington Airport Obstacle Limited Surfaces.

Note: Please refer to the Natural Hazard section of the LIM for information on the District Plan's natural hazard material.

---

**Please note, the above information only identifies zones and designations applying to this property. For information about other planning controls applying to this site and the wider area, please refer to the 2024 District Plan.**

Until appeals are resolved on the 2024 District Plan, both it and the 2000 District Plan should be consulted to determine the classification of any existing or proposed activity on the subject property. Please see the following webpage for more information:

[Decision making and status of provisions - Plans, policies and bylaws - Wellington City Council](https://wellington.govt.nz/your-council/plans-policies-and-bylaws/district-plan/proposed-district-plan/decision-making-and-status-of-provisions) - <https://wellington.govt.nz/your-council/plans-policies-and-bylaws/district-plan/proposed-district-plan/decision-making-and-status-of-provisions>

Resource consents may be necessary for activities that are not permitted activities. The District Plan can be viewed online at Wellington City Libraries, or visit the Wellington City Council website (see link below).

[2024 District Plan ePlan](https://eplan.wellington.govt.nz/proposed/) - <https://eplan.wellington.govt.nz/proposed/>

[2000 District Plan ePlan](https://eplan.wellington.govt.nz/eplan/) - <https://eplan.wellington.govt.nz/eplan/>

## **District Plan Changes**

From time to time the Council makes amendments to the contents of the District Plan by publicly notifying District Plan changes. These changes are relevant on the date they are publicly notified. When they are first released, the changes are referred to as 'proposed Plan Changes'. Once the plan change process is completed, they become 'operative plan changes'.

For details of any plan changes that may affect this property, please visit the Wellington City Council website (as above).

# Historic Heritage and Notable Trees

## Scheduled Historic Heritage and Notable Trees in the 2024 District Plan

*Including heritage buildings, heritage structures, heritage areas, sites and areas of significance to Māori, and notable trees.*

There are no scheduled historic heritage items in the 2024 District Plan affecting this property.

## Heritage New Zealand Pouhere Taonga Identification

The Council has not been given notice that this property is included in the New Zealand Heritage List of Historic Places, Historic Areas, Wāhi Tūpuna, Wāhi Tapu, and Wāhi Tapu areas.

## Heritage Orders Under Part 8 of the Resource Management Act 1991

There are no heritage orders on this property.

## Heritage New Zealand Pouhere Taonga Archaeological Sites

There is a recorded archaeological site on this property – NZAA Site: R27/270 – Thomas Ward Survey 1891.

This is based on data from the New Zealand Archaeological Association.

To find out more about archaeological sites in Wellington, legal implications for your property and FAQs, go to [Advice and guidance - Heritage - Wellington City Council](#) or contact WCC on 04 499 4444.

For further information, go to [www.heritage.org.nz/archaeology](http://www.heritage.org.nz/archaeology): [Archaeology in Aotearoa New Zealand | Heritage New Zealand Pouhere Taonga](#).

---

The Thomas Ward Survey Map was created in 1891 by surveyor Thomas Ward. It maps Wellington city's boundaries from 1840, along with roads, buildings and structures that existed in 1891. It was regularly updated until circa 1900, with a new version created in 1901. Both versions of the map are included in the archaeological site record. It's important to note that:

- Although it's a paper map, not a physical site, the Thomas Ward Survey Map is recorded as an archaeological site because it documents pre-1900 occupation.
- The Thomas Ward Survey Map indicates *areas where there may be archaeological remains*, but it doesn't confirm their presence.

# Resource Consents

There are no Subdivision consents for this property.

There are no Land Use consents for this property.

There are no other types of consents for this property.

Resource Consents for adjoining properties: None.

## Town Planning and/or Local Government Act 1974

The Council holds information regarding the subdivision of this property prior to 1990.

No documents relating to this consent have been attached. If required, they can be requested from the Wellington City Archives: <https://wellington.govt.nz/arts-and-culture/archives>

## Legal Documents

There are no legal documents attached.

## Rates and Levies

<b>Rates</b>	There are no outstanding rates for this property. The current rates balance for this property is a credit of \$1,191.90.
<b>Water Rates</b>	This property does not have water rates associated with it.
<b>Sludge Levy</b>	The annual sludge levy for this property is \$122.19.

---

Properties in the rating categories BGR1, BGR2, BGC1, and BGC2 are subject to an annual sludge levy for the purpose of funding certain costs relating to the construction of a sludge minimisation facility at Moa Point, Wellington. The levy period is 1 July 2024 to 30 July 2057. Liability for the levy is assessed in accordance with clauses 13 to 19 of the Infrastructure Funding and Financing (Wellington Sludge Minimisation Facility Levy) Order 2023.

For information on the sludge levy billing and rating categories, please see: [Billing categories - Rates - Wellington City Council and Rates for 2024/2025 - Rates - Wellington City Council](#).

Refer to attached report for further information on rates and levies.

For valuation information, please contact Quotable Value: [QV - Discover your property value](#).

## Building

### Building Permits

There is a record of building permits for this property.

Please refer to the attached copies of computer details for building permits.

Please note information supplied to the Council by a third party indicates that the dwelling on this property was originally constructed between 1900 and 1909.

---

Building, plumbing, and drainage permits issued under the bylaws made pursuant to the Local Government Act 1974 have now expired. The bylaws relating to building permits were superseded by the Building Act 1991 and subsequently by the Building Act 2004.

**Unauthorised or incomplete building, plumbing and drainage permitted work done prior to the implementation of the Building Act 1991 in January 1993, now has the status of “an existing situation”. Unless the building is either dangerous or insanitary, as defined under sections 121 and 123 of the Building Act 2004, the Council is precluded from taking any further action to require the owner to complete the work in accordance with the original building permit.**

It is not practical to copy the information relating to permits and/or completed consents held at Wellington City Archives. If you want to order copies of the permits and/or consents please order through [Building consent search - Property - Wellington City Council](#) or email [consentsearch@wcc.govt.nz](mailto:consentsearch@wcc.govt.nz).

## **Building Consents**

There is no record of building consents for this property.

---

Building consents replaced building permits following the implementation of the Building Act 1991, and subsequently the Building Act 2004.

Under Schedule 1 of both Acts, some types of building work are exempt from the need to obtain a building consent. If building work that needs consent was carried out after January 1993 without consent first being obtained, that work is not authorised and the Council may require the property owner to:

- Demolish or remove the work,
- Upgrade to building code requirements (consent may be required, contact Building Compliance and Consents on 04 801 4311),
- Apply for Certificate of Acceptance (refer to the Certificate of Acceptance section below).

The Council may prosecute persons who contravene or fail to comply with the Act or with a notice issued under the Act (for example a notice to rectify issued under the Building Act 1991 or a notice to fix issued under the Building Act 2004).

## **Certificates of Acceptance**

There is no record of a Certificate of Acceptance relating to building work at this property.

---

Section 96 of the Building Act 2004 provides for a territorial authority (i.e. a council) to issue a Certificate of Acceptance in certain circumstances. A Certificate of Acceptance is limited to the extent to which the territorial authority was able to inspect the building work in question.

Application for a Certificate of Acceptance may be made in the following circumstances:

- Work was carried out without a building consent, where a building consent was required but not obtained
- Work was carried out under urgency
- A private building certifier refuses or is unable to issue a Code Compliance Certificate, and no other building consent authority will agree to issue a Code Compliance Certificate.

## **Compliance Schedule and Building Warrant of Fitness**

There is no compliance schedule or building warrant of fitness for the buildings on this property.

## **Swimming Pools**

There is no record of a swimming pool or spa pool at this property.

---

The Building Act 2004 requires the property owner to ensure that every residential pool that is filled or partly filled with water must have physical barriers that restrict access to the pool by unsupervised children under 5 years of age.

Definitions of what constitutes a pool and details of the safety requirements are set out in the Act.

A building consent is required for the installation of a pool fence and may be required for the installation of any pool itself.

The Council has a programme to audit the on-going compliance of pool fences and so pools will be subject to periodic inspections to confirm compliance. Property owners will be charged for time spent by Council officers in audits.

## **Unresolved Complaints**

There is no record of unresolved complaints for this property.

## **Building Resilience**

### **Earthquake Prone Buildings**

---

The national framework for managing earthquake-prone buildings took effect in July 2017 via changes to the Building Act 2004, along with regulations and the Earthquake-prone Building Methodology. This change has removed the requirement for councils to have individual earthquake-prone building policies and creates a single national policy.

These earthquake-prone building provisions apply to non-residential buildings and some residential buildings if they are:

- Two storeys or more and have three or more household units, or
- Two storeys or more and used as a hostel, boarding house or other specialised accommodation

Other specific exclusions include farm buildings, retaining walls, fences, certain monuments, wharves, bridges, tunnels and storage tanks.

Under the Council's previous Earthquake-prone Building Policy 2009, any pre-1976 commercial building or any pre-1976 residential building which is two or more stories high and contains three or more residential units was assessed to determine an earthquake-prone status. The status resulting from these assessments remains active.

If there are changes to legislation, the loading standard, or if the Council receives further information, a building may require an assessment or reassessment to consider whether it is earthquake prone.

It should also be noted that where a change of use is proposed for the building, structural strengthening work is required to most buildings to upgrade the building to meet current codes.

## **Verandahs**

Wellington City Council is undertaking assessments of verandahs in Wellington City in accordance with the Public Places Bylaw 2022.

The intention of the verandah-related rules in the bylaw is to ensure that all verandahs are maintained in a waterproof condition and in a good state of repair.

## **Unreinforced Masonry Buildings**

Following the Hurunui/Kaikōura earthquake on November 2016, the Ministry of Business Innovation & Employment (MBIE) set up an initiative to improve the seismic performance of unreinforced masonry buildings (URM) in high-risk areas, including Wellington. The initiative requires owners of certain buildings to take action to secure unreinforced masonry parapets and facades by March 2018. This is an amendment to the Building Act 2004 and was passed February 2017 under an Order in Council.

This relates to unreinforced masonry buildings with street-facing parapets and/or facades on busy, high-traffic areas (pedestrian or vehicles) that are already known to be vulnerable in the event of an earthquake.

## **Weathertightness**

The Council has not received any formal notification of Weathertightness issues for this property.

Pursuant to section 124 of the Weathertight Homes Resolution Services Act 2006, the Council will report formal notification of possible water ingress issues at a property from one of the following sources:

- Ministry of Business Innovation and Employment (MBIE)
- Weathertight Homes Tribunal

The Council may also include information in this section where it has received a notification that it considers relates to water ingress issues from one of the following sources:

- High or District Court
- Written notification from the owner of the property or their agent
- Where the owner has applied to MBIE for a Determination and the report carried out by MBIE has identified areas of water ingress

The Council may hold other information about possible weathertight issues with the dwelling, e.g. via notes of phone calls, emails, or other correspondence or documents such as building consent applications. The Council may, at its discretion, include this information under the "Unresolved Complaints" section of this LIM.

If you have any concerns, we recommend that you seek independent advice from a suitably qualified person such as a building surveyor, and/or speak to the owners of the property.

## Encroachments and Licences

There is no encroachment licence for this property.

---

Property owners are legally required under cl 19 of the Public Places Bylaw to have a valid encroachment license for any private occupation of legal road. Encroachments typically require an annual fee, and when a property changes ownership an administration fee is charged.

Properties with multiple units under a cross lease or unit title subdivision may have encroachment licenses relating to specific units. A LIM is required to include information for all units on the underlying land, so these encroachment licenses are included under this section.

Note: Encroachments are not permitted on parks or reserve land. If one exists, owners are required to contact the Council and remove the encroachment at the owner's cost. In some instances, dwellings may have historically encroached on an adjacent reserve. In these instances, removal will be required at the time of any future demolition or major reconstruction. For more information see: [Encroachments - Wellington City Council](#).

## Access

The owner is responsible for maintaining the vehicle accessway and/or path out to and including the kerb crossing.

---
